

Ask the expert event Smart advice to green your business

Through the [SEE project](http://www.see.gb.net) Cambridgeshire County Council, Huntingdonshire District Council and Bedford College are offering a **FREE** drop in evening giving you smart advice to green your business.

Date: Wednesday 25 January 2012

Time: **DROP IN** event from 4pm – 7pm, tours of the house start at 4.30pm and 6pm

Venue: St Ives Green House, 1 St Audrey Lane, St Ives, PE27 3XF

Cost: FREE (to private sector organisations based in the East of England with fewer than 250 employees)

We can offer you support and advice on the topics below:

- Free support to give your premises an energy audit. If savings can be made you can take advantage of a £500 grant to implement changes. (This only applies if you are a business registered in Huntingdonshire).
- One to one grants advice, talk to our experts and find out what funding opportunities are out there for SMEs.
- Experts in construction training, SmartLIFE, can give you advice on how to up-skill staff to take advantage of the growing construction retrofit market and Green Deal opportunities.
- Take a guided tour of the green house, retrofitted from an E EPC rating to a B EPC rating. See renewable technology and refurbishment in practice. Guided tours will run for an hour starting at 4.30pm and 6pm.
- SEE offers a free diagnosis of working practices; highlighting opportunities that can help reduce costs and improve business practices through resource and energy efficiency.

If you would like to register your interest contact: Huntingdonshire District Council on 01480 388315 or 01480 388304
